

# The Vault Is Not Enough

## MAJOR HUGHES

---

Act 2 Scene 3  
GCE

The world is ending, at least as everyone knows it. With the Resonance Virus running rampant among the population and having developed an immunity to earlier cures, an assortment of the elite and those who happened to be near them at the time have been herded into bunkers across the nation. At one such bunker, scientists who were involved in the Resonance Project have been working around the clock on a new cure. As the hospital ward in the underground bunker is sealed, all anyone can pray for is that they will be among those who survive this apocalypse.

Nobody listened to you. They thought you'd lost your mind. But you saw what they were all too ARROGANT and SMUG to even consider. You TRIED to tell them the dangers that Resonance posed. You TRIED to save them from themselves. You had SEEN things, you knew an oncoming HORROR when you saw it. But they dismissed you as a senile old timer, and NOBODY listened.

You KNEW the government was growing more and more CORRUPT. You thought what they did in 'NAM was horrible, but that was a GAME compared to this. Their search for more and more power, bigger and badder weapons, has sacrificed every life left in the WORLD.

What are they going to do now? Are they going to try to DENY it, cover their asses and disavow RESPONSIBILITY? Or are they going to try to FIX it? Do they think that there's anything LEFT in their power to fix it? Or are they going to see that there's NOTHING left to fix?

NOW do they understand what you were trying to tell them? Now that EVERYONE is DEAD, NOW do they UNDERSTAND?
